Tech enthusiast with a love for reading and an Undergraduate student at IIIT Bhopal and IIT Madras. Also one of the Leads at IIITian Network (Student community) . I enjoy meeting new people and discussing ideas on topics of mutual interest. I have had amazing experiences there from being incharge of various inter/intra school projects to holding positions of responsibility at ages 16 (President) and 14(Head boy) which gave me the necessary skills to be a team leader and a team player.

## EDUCATION

### BTech
